EDUCATION

Systems Engineer
Universidad Nacional Ricardo Morales Aviles
2017 – 2022
Nicaragua

SKILLS

Javascript
React
SQL
MongoDB
GraphQL
TailwindCSS
C#
ASP.Net

CAREER OBJECTIVE

Javascript and C# developer with experience working with WPF Aplication and React Aplication. I am looking to continue developing my skills by collaborating in a team of developers. I am equally comfortable working solo as I am in a group setting.

WORK EXPERIENCE

Support Engineer

Technology Consulting Group

October 2021 – May 2022 / Rivas, Nicaragua

- Charged with, configuring, installing, managing, and monitoring networking and IP telephony infrastructure-related hardware and software.
- Implemented regular alerting and monitoring of network performance, which reduced network downtime.
- Resolved tier 3 of network issues, remotely and on-site

Frontend Developer

Freelance

May 2022 – September 2022 / Remote

- I created the wireframe layouts from client requests. I created them using Adobe XD,
- I used HTML, CSS, and JavaScript to create some responsive landing pages that the client requested.
- It created accessible, responsive and functional user interfaces to allow visitors on any device to have the same seamless user experience.
